## TESTIMONIALS

*"Nicole is one of the most hard working and dedicated people I know. In order to make others successful (including myself) she has sacrificed countless hours and untold energy in help her teammates succeed beyond their best brainstorm! If I was every needing an employee, I'd look to her first!"*

**-Greg Smith, Rector of Trinity Myrtle Beach (former co-worker at Holy Cross)**

*"In her work as our Communications Director, Nicole managed the complex communications needs of a multi-site church with professionalism, efficiency and effectiveness. She simultaneously accomplished day-to-day communications, while being flexible and creative to meet the urgent tasks that presented themselves. Nicole's ability to analyze current processes and then create and establish new ones that meet specific needs and objectives was vital in our last several years of working together. Her critical thinking skills, combined with a strong work ethic and her strong commitment to the organization, are together her most helpful skills. I, without reservation, would recommend her based upon her character, her skills, and her commitment."*

**-Trevor Spencer (most recent manager)**

*"Nicole worked with me for over seven years. She has excellent people skills...We traveled wherever our clients sent us, and she effectively managed the registration (sometimes up to 48 countries), the registration staff, tours, presented to the attendees, accounting, and brochure development. I felt perfectly comfortable leaving an extremely busy office in her hands on many occasions. She has great people and office skills. We worked for multi-billion corporations and she never let me down.... Whomever hires her is lucky to have her on their team. She understands customer service, is task oriented, and does whatever it takes to make any project work - that means flexibility and thinking on your feet. She is polished and savvy enough to carry off any high profile project."*

**-Judith Hendrick (President of The Conference Table)**
